Re: Structural stability certificate for Premises No.- 2A, Kenaram Ganguly  
Road, Ward No.- 125, Borough No.- XVI, Under K. M. C.

I have checked the foundation and superstructure of the existing G + III storied school building naming The Good Shepherd Mission School at abovementioned premises, considering all possible loads including horizontal & vertical loadings including seismic load as well as the quality of materials used (type and grade) and the workmanship employed, as per the N.B.C. of India and certified that it is safe and stable in all respect and fit for use.
